

Product name	Massage Chair
Product model	kimiko
Rated voltage	110-120V~
Rated power	150W
Air pressure	0.025-0.03MPa
Weight	Gross weight: 116KG Net weight: 96KG
Noise	≤ 60dB
Safety design	Class I

# Kimiko MASSAGE CHAIR

# VOICE CONTROL & RECOGNITION

Intelligent voice recognition system makes it easier to control the massage chair to enjoy the comfort;

Voice-control wake-up button: press this button to wake up the voice control function and press for 3 seconds to turn the function on or off. If no valid voice entry is recognized within 6 seconds, the voice function is automatically turned off (This button only works after the voice control function turned on.)

# HYPERBOLIC RAIL

Based on human engineering and research on different human body curves, a new generation of hyperbolic rail was developed which can fit the neck, shoulders, back, waist, hips and legs in all directions **27**-point, total length **53** inches. With double V massage robot, it can massage the human body more closely and deeply.

## LEG STRETCH

The lower legs and backrest can be lifted and lowered for automatic lying, as well as automatic cyclic lying. Meanwhile, the leg air bags and the back manipulator simultaneously cooperate with each other for massage, and the legs can be stretched for massage.

## ZERO SPACE

Zero gravity model means, the legs and torso at 118 degrees elevation, the location of thighs and calves are above the heart. The gravity of each body part will distribute average on massage chair to make pressure on body fully release.

## ZERO GRAVITY

The 135° and 118° zero-gravity angles that simulate spaceflight make the thighs and calves higher than the heart part of the body as if in a state of "weightlessness", making the spine free of pressure and achieving deep relaxation.

# 12 AUTOMATIC MODES KNOW YOUR BODY&MIND BETTER

The massage chair is designed for different people, originate twenty-one automatic massage programs with individual massage, design to meet the requirement from different people.
